YOU ARE HERE.
Welcome to the Massachusetts Association of Approved Special Education Schools!

What is MAAPS?

MAAPS is your community of fellow out-of-district, approved special education schools - all of which offer a vital service to both public school district and privately placed students. I should know: I was one of them.

Attending one of the MAAPS member schools provided me the appropriate skills I needed to flourish in my education. I never felt more included than when I attended a specialized school. Today, it is my privilege to advocate on behalf of all of the approved special education schools as the Executive Director of MAAPS.

MAAPS represents over 80 approved schools for students with special needs in Massachusetts, New Hampshire, Connecticut, and Rhode Island. MAAPS provides a range of services to its members, including professional development, marketing, diversity initiatives, government relations, external affairs, and peer enterprises.

Membership in MAAPS affirms a commitment by our schools to ethical practices, nondiscrimination, and extraordinary education.

We hope the information in this Welcome Packet for the 2020 – 2021 school year will be not just informative and helpful to you. 2020 has had its share of challenges, we hope your membership in MAAPS will afford you tools to conquer these challenges – together!

Sincerely,

[Signature]

Elizabeth Becker, Esq.
Executive Director
**WELCOME TO MAAPS**

**BETTER TOGETHER!**
maaps is the trade association for 766 approved private schools in MA (you!). Joining together allows us to share resources, advocate for the whole, and advance the field!

**EXPERTISE**
Together, we access in-house experts for support and training on legal, financial, employment, PR, and state licensor matters. maaps is your voice in the Statehouse!

**FINANCIAL**
maaps advocates for your tuition payments, relief funding, cost savings, programs, and help with annual budget filing.

**PROFESSIONAL**
Register for a maaps training, or join a maaps email listserv to sharpen your skills and learn from professionals in other schools.

**PERSONAL**
Whether your school serves 1,000 students or 10 students, you're not alone! maaps is an exceptionally supportive and collaborative community.

**REAL PEOPLE**
maaps has a staff to answer questions, address real time issues, connect you with others, and provide resources to help you do your job!

Percentage of Schools Serving Various Disability Categories

WHAT YOU SHOULD KNOW

Most schools serve more than one disability category, and many students present with multiple diagnoses. Percentages above are based on the primary diagnosis served, as reported in the 2019-2020 MAAPS directory. Each program has its own area of expertise, and niche student population. Use our "find a school" tool to learn more.

MEMBERS SPEAK:
UNPRECEDENTED LEADERSHIP FOR EXTRAORDINARY TIMES

MAAPS has been THE critical support organization in terms of planning how to navigate the Covid crisis.

Kurt Moellerling,
Executive Director, Learning Prep

MAAPS has been a tremendous resource throughout the pandemic. The number of programs and participating in the various committees and groups has helped to ease feelings of "going it alone". The responsiveness of MAAPS and the willingness of members to share their expertise in managing something none of us had ever heard of a year ago has been extremely valuable. Never has the phrase "we are all in this together" been more valid.

Judy Hurlburt,
Chief Administrative Officer, The Evergreen Center

MAAPS has been an invaluable support for our school this year, and their advocacy has helped us deliver consistent and quality educational services to some of the state's most high-need students despite the unprecedented challenges of the current moment.

Sean Clark,
Special Education Principal, The Home for Little Wanderers Southeast Campus School

Our MAAPS membership has been invaluable to NECC in terms of advocacy, collaboration, and information sharing during unprecedented times.

Mike Downey,
CFO, New England Center for Children

MAAPS has provided us with invaluable support and guidance during the pandemic. Without them, navigating this situation would have been so much more formidable. I am eternally grateful for their leadership.

Lygia Soares,
Executive Director, Merrimac Heights Academy

MAAPS has had a positive impact in all aspects of our programs. The advocacy, guidance, support, around COVID has been outstanding in addition to the outstanding job MAAPS does for our schools in "normal" times.

Larry Sauer,
CEO, League School

The support we have gotten from MAAPS throughout this pandemic has been excellent! We could not have done it without MAAPS!

Karen Bishop, COO,
The Learning Center for the Deaf

"The MAAPS organization has been a tremendous resource to member schools in navigating ever-changing policies and procedures as we all strive to meet the needs of our students and families."

Marian Hartblay,
Clarke Schools

MAAPS has always been a great resource, and I've always valued our membership, but as we continue to navigate COVID-19 and its significant impact on our programs, MAAPS has proven to be such an invaluable support and partnership and one that we could not have survived well without!

Karen McCarthy,
Chief Academic Officer, Brandon School and Residential Treatment Center

MAAPS has been an invaluable resource to our school. They have facilitated an environment where schools can learn from each other how to navigate the COVID challenge. I have never been a part of a professional organization that has been as dedicated, resourceful and savvy as MAAPS has been!

Suzanne Loughlin,
Director, Arlington School
WHAT TO DO NEXT:

1. JOIN THE ACTION NETWORK

Visit maaps.org and click on "Advocacy" to join the impactful, user-friendly action network. You will periodically receive notifications about legislative priorities that directly impact YOUR SCHOOL, with clickable links to send a customizable letter to your lawmakers.

2. JOIN A LISTSERV AND FOLLOW US

Don't go it alone! Make sure you're on our mailing list and join a maaps listserv by having your director email rsousa@maaps.org. Then, we can add you to an email group where you can post questions and share ideas with other people in your position across the state! Be sure to "like" and "follow" MAAPS on facebook to see what's happening in other MAAPS schools!

3. PARTICIPATE IN GROUPS AND EVENTS

Visit www.maaps.org and click on "Members" and "events" to find registrations for upcoming training opportunities. Or, inquire about joining a committee, working group, or focus group by emailing akane@maaps.org.

What is the MAAPS Action Network?
The Action Network is an online portal for the maaps special education community—member school staff, Boards of Directors, parents and families, friends and advocates—to help schools obtain the funding and support needed to provide an appropriate education and services for every child with a disability.

Why join the MAAPS Action Network?
By joining the Action Network, you’ll be able to weigh-in on issues that matter to you and help strengthen awareness and relationships with our state and federal legislators! The success of MAAPS in advocating for special education funding and issues is only made possible by a team effort and we’re relying on you to be part of that team.

How to join the MAAPS Action Network?
Sign-up is easy. Simply complete the Sign-Up at http://maaps.org/action-network/.

All events are virtual. All event fees are per individual.
All events, except for maaps in house experts are open to non-members.
Email akane@maaps.org with questions.

Although workshops are grouped by strand for your convenience, many will be appropriate for a variety of audiences!

Thinking about your BUDGET?
Remember that this year you are not paying your typical PDG group dues! Since maaps will not hold an all staff in-person conference this year, consider using your conference budget to allow each participant to attend a few virtual sessions this year. maaps has lowered the cost of classroom and clinic focused trainings so that more of your direct service staff can attend!

maaps knows you are focused on WORKFORCE SUPPORT this year more than ever! Consider gifting your staff with a December pre-holiday experiential “Yoga for Stress Management” session with Jessica Miller for only $10!

It’s better than coffee and donuts for your hard working employees! This session was SOLD OUT for the 2019 in person conference- don’t miss your chance to participate!

Focusing on Diversity, Equity and Inclusion? Consider a diversity strand workshop, with a mixture of offerings from the lens of leadership/policy (Fernandez, Bullard), personal introspection (Irving), Gender and Sexuality (Nyren, Matos), classroom and clinic considerations (Nyren, Matos).

And of course, remember to support your leaders during this challenging time with our in house expert and leadership training workshops. Managers, supervisors, and directors will benefit from these focused sessions just for them!
Our commitment to supporting anti-racism in the maaps membership.

Amplification
Leveraging social media to amplify new and ongoing maaps membership efforts in the area of diversity, equity and inclusion using the hashtag #maapstogetherforchange

Partnership
Consultation with Mass Advocates for Children (MAC) to review and empower internal diversity, equity and inclusion practices within the MAAPS Board.

Training
A series of virtual trainings including personal, policy, and classroom applications focused on both reflection and action.

Register online at maaps.org
